APPROVED BY:

POLICY:

The Bladen County Health Department (BCHD) will share information about available health and wellness resources in the community with its patients and Bladen County residents. The most recently compiled list, the Bladen County Resource Directory, published and disseminated through other avenues by the Bladen County "Healthy Bladen" collaborative.

PURPOSE:

This policy is designed to ensure residents are aware of available community services for promoting improved health in Bladen County.

PROCEDURE:

Copies of the Bladen Health Services Directory will be available at the main BCHD reception desk and the reception desks/waiting areas/clinic areas in the department clinic.

Staff will familiarize themselves with the contents of the directory so they are able to efficiently refer patients and residents to appropriate resources.

A copy will be posted on the BCHD website, www.bladeninfo.org/departments/health.
